

## **CONGREGATION KOL AMI TEAMS UP WITH HARVESTERS**

As part of Kol Ami's social justice program for the New Year (5771), we are teaming with Harvesters – the Community Food Network to sponsor a year-long food and fund drive. Donations received through the drive will help Harvesters' network feed those in need throughout Kansas City. Your contribution means that much needed help, and hope, will be available to those who need it.

Watch your temple newsletters and Shabbat inserts for more information about themed food drives and other special events. We are planning a volunteer opportunity for our members at Harvesters in the spring, and hope to put God's Garden to work with Harvesters Adopt-a-Row program in the next growing season.
